

SERIALS DEPARTMENT

Are you interested in Serials?

Our company has a very long tradition related to serials. We have got serials that are not available anywhere else.

We have a huge holding of publications from XIX, XX and XXI centuries; a complete collection of completely-out-of-print newspapers and magazines, covering the most diverse topics.

We also got a fluid contact with large and small publishers in Argentina & Brazil. We can identify any publication, past or present.

We are pioneers in the digital serials market, too.

If you have interest in any Latin American serials that we have not identified yet, just let us know. We are willing to contact their publishers and to get the corresponding rights for the electronic publication.

How can you order materials from us?

- a) With a direct purchase order for a specific issue, several issues or even the whole collection of a magazine.
- b) You can subscribe to a serial; our close contact with publishers guarantees you that you will keep your collection always updated.
- c) We inform you periodically about new publications.
- d) We often made special offers of highly valuable closed collections.

What about our invoicing and methods of payment?

- 1) Direct orders are invoiced at the same time that they are delivered (no prepayment needed)
- 2) Subscriptions can be invoice differently, according to the frequency of the serial. Irregular serials are invoiced the same way as direct orders; regular series are invoiced in advance the previous year.

- 3) There are different ways of payment that are informed in the corresponding invoice:
checks, wire transfers, etc.
